Students will be able to know every note on the saxophone and recognize them in the treble clef played by the saxophone. They will also improvise on major, minor, pentatonic and blues scales, while getting a good idea on how to get a great sound on the sax. The most satisfying part is being able to play with other people in an ensemble or band. What are the requirements or prerequisites for taking your course? No musical experience needed, a working alto sax, reeds and a neck sling. Who is this course for? This is a complete course for you to learn all of the most popular guitar techniques. The goal of The Music Coach Trombone Program is for you to fully express who you are through the instrument. Content and Overview: I designed this program to help you begin your musical journey on the trombone in the most efficient and fun way. Growing up in Sudbury, Ontario, Christian's childhood was comic books, snow, and music appreciation for fun. **Guitar Tab** This is somewhat similar to the previous entry, with the only difference being that the homepage also displays top community-rated tabs. **CrjC**, Christian was also featured on seven college-produced records as a member of the prestigious Humber Studio Jazz ensemble.
